Subject: Open Enrollment 20/21

Reta Trust Open Enrollment Reminder Notice - Open Enrollment is here – and so is the Reta Benefits Center!

Your Annual Open Enrollment for Plan Year 2020-2021 will end Thursday May 28, 2020. If you want to make changes to your Benefits Plan and you have not yet done so, or if you have made your elections but would like to modify them, you have until midnight May 28, 2020 **before the 2020-2021 Open Enrollment period ends!**

Even if you are not changing benefit plans, you still need to waived your benefits. You can also go into the system to be sure you have designated a beneficiary for your Archdiocesan Life Insurance, which is a core benefit provided to you at no cost with a value of \$10,000. I have attached a beneficiary form to complete for your file.

Open Enrollment 2020 is your once-a-year opportunity to make changes to your Reta benefits plan elections. This is a time to take stock of your situation, take note of any changes in your life, and take action to make the most of your benefits.

To visit, simply log in at www.retatrust.org. The Center will be open 24/7 during Open Enrollment – and will continue to offer important health information and resources throughout the year.
